## All for the Right.

The Women's Christian Temperance Union, of Winchester, has indorsed Claude Thomas for Congress in very forceful resolutions. The National Sunday School Union in their meeting at Chicago also went on record for such men as Thomas in the following resolutions:

"An opportunity for a courageous declaration of independence will be given Congress on July 6, when the vote will be taken on an amendment of the Constitution prohibiting the manufacture, sale, importation, exportation and transportation of alcoholic liquors. Many Congressmen are trembling in anticipation of that vote. Men and women voters of every party should hasten to assure their Congressmen and Senators that if they stand faithfully in this Congress for the home against the saloon they will be supported, regardless of party, when they come up for re-election. It would, in my opinion, be scarcely less than a crime for even a third party prohibitionist to vote this fall against a Democrat or a Republican in Congress who, in the face of an aroused national army of liquor dealers and their friends, casts his vote in favor of national prohibition."

## Bad Memory.

Cantrill says he made a deal for Mr. Thomas with the liquor men at Mt. Sterling and Winchester five years ago when Mr. Thomas was a candidate for State Senator. The joke comes in when it is remembered that Mr. Thomas had no opposition, but Bourbon county alone selected the man as it was that county's time to name the nominee. Mr. Cantrill's memory seems to be getting very bad of late. We do not doubt a deal with the liquor people, however, but it was a deal for his own benefit. Mr. Thomas in the Legislature voted with the temperance people at every opportunity.

## Hamlet Holds out for the People.

Hooray for Barksdale Hamlett, Supt. of Public Instruction, who refuses to sign a contract for books that the Commission has adopted at a higher price than the same books are sold to other States. It occurs to us that all of this "fear of the mountain Superintendents selling out to the book companies" is being slightly reflected on the Commission and Mr. Hamlett evidently thinks so too.

## As Outsiders View the Race.

In the Seventh Congressional District Hon. Claude Thomas, of Paris, is rapidly pushing to the front. The leading Democrats of Clark county seem to be for him. Powell county is also strong for him, and probably they can put Estill on his list.—Richmond Madisonian.

With a united Republican party and a weak nominee for U. S. Senator on the Democratic ticket, there would be a probability of defeat. Look to the one who knows no defeat when arrayed against the common enemy.

## Settle Suits.

Wm. C. Jackson, of Owingsville, and S. S. Pinney, of Mt. Sterling, were chosen as arbiters in the several cases of Salt Lick parties against the C. & O. Railroad Company, claiming damages for injury to property by the overflow of Salt Lick creek, alleged to have been caused by putting in new concrete piers and abutments. The arbiters and the attorneys for both sides met at Salt Lick last Tuesday morning and settled the matter. The amounts sued for aggregated \$7,300 and the railroad agrees to pay 50 per cent. of this.—Owingsville Outlook.

Clay City last year had the same cause for action that Salt Lick had, but Clay City people have been too timid to contend for their rights, but we believe they are beginning to open their eyes now, and will in the future seek redress where redress is unquestionably due.

## Death of Mrs. Rose.

Mrs. Mary Rose, aged nearly sixty-two years, died in this city Saturday morning of paralysis. Deceased was the wife of R. P. Rose, and before marriage was a Miss Hall. Besides her husband, she is survived by one sister who lives in Illinois, and a brother, Green Hall, of this place. Deceased had been a devoted member of the Christian church for several years.

The funeral was preached Sunday morning at the Christian church by the Rev. D. H. Matherly, after which the remains were interred in the local cemetery.

Saturday was the hottest day of the year when the thermometer stood at 104. Cooler weather on Sunday brought great relief to sweltering people.

The postoffice and bank will observe the Fourth on Saturday. It is not likely that the day will be specially observed by any other business concerns.

Hon. Claude Thomas, the popular candidate for Congress, will speak at Stanton Monday afternoon, and at Clay City, Monday night, July 6.

## A Non-Partisan Court's Decision.

John Horn, William Broadus and J. E. Alexander, all Democrats, will serve terms as Jailer, Sheriff and County Clerk, respectively, of Estill county. The Appellate Court has decided that they had defeated Ancil Powell, G. W. Powell and R. E. West, all Republicans, for the offices named. Horn won by two votes, Broadus by four votes and Alexander by eight votes. The recount was made by the Appellate Court. L. T. Flannery was elected Sheriff of Lee county over Arch Snowden, the court decided. Flannery is a Republican and Snowden a Democrat. The recount showed Flannery's majority to be 55 votes.

Who says now that the Court of Appeals, because it is Democratic cannot give Republicans justice when they deserve it. It is a case of the boys measuring the other fellows' corn "by their own half-bushel."

## Mr. Phillips Passes Away.

Pete Phillips, aged 50 years, died Monday afternoon after a lingering illness of tuberculosis. Funeral services at the home Wednesday morning by the Rev. Judge L. F. Mann, pastor of the Methodist church. Mr. Phillips is survived by a wife and six children.

The Brodhead-Garrett mills closed down to attend the funeral, Mr. Phillips having been foreman at these mills for some time previous to his serious illness some months ago.

We take as much pleasure in commending an apparently soulless corporation for good deeds as we do our friends. The Kentucky Utilities Company are furnishing the poor sick people of the Bluegrass cities with electric fan service free.

July 1st the Clay City National Bank declared its usual 3½% semi-annual dividend, besides passing up \$2,000 to the surplus fund. The surplus fund is now \$8,000 or nearly one-third of the capital.

## STANTON NEWS.

J. H. Hardwick was in town Tuesday.

Margaret Norton is on the sick list at this writing.

Mr. M. S. Crain was in Stanton last Sunday ? ? ? ?

Mrs. Louis Johnson is visiting her brother in Clark county.

Dr. J. E. Lemming has been on a business trip to Lexington.

G. H. Patrick, the hustling shoe drummer, is in town this week.

Miss Anna Clark is going this week on a visit to Mt. Sterling and Winchester.

Mr. James Noland, of Middletown, O., is visiting his father-in-law, Mr. Henry Morris.

Pauline Derthick's mamma says she has one tooth through and another almost through.

Mrs. R. L. Eversole and little daughters have gone on an extended visit to West Virginia.

Mrs. F. R. Blackburn is in Lexington this week attending the Kentucky Hay Fever Association.

W. R. Johnson has moved his saw mill from Morris creek to Cane creek to saw timber for G. B. Skidmore.

Richard Crowe, one of the hustling and congenial clerks of the store of Hardwick & Co., has resigned to begin teaching school Monday.

Any person who has lost a pair of gold framed spectacles will call at the County Clerk's office. Same were found about one month ago.

Mrs. J. H. Evans and two little daughters have returned to their home at Beattyville from a visit to their sister, Mrs. J. C. Patrick.

Mrs. Kate Lyle reports a very pleasant visit to see her daughter, Miss Mary, at Irvine. Mrs. Lyle says that Irvine is a very lively and growing town.

There is a ruling by the Attorney General that it is legal to employ teachers to teach in the public schools on next Saturday, though it be a legal holiday.

Mr. Claud Thomas, candidate for the nomination for Congress from this the Seventh vs. Mr. Cantrill, will speak at the court house, July 6th at 1:30 p. m.

Mrs. Alica Derthick, who was sick for quite a while at her son's home here and who is now at the home of Rev. Henry Derthick at Indianapolis, is reported improving.

The school census for this year for Powell county shows white males, 1068; females, 1041; colored, 75, total 2184. Number of illiterates between the ages of 10 and 20: males 28, females 8; total 36.

Mr. and Mrs. Ben Sewell have returned from their honeymoon and Mr. Sewell has taken up his position with the First National of Jackson. Mrs. Sewell is expected to visit her parents, Mr. and Mrs. W. M. Hardwick, while her husband goes into encampment with the State Guards at Lexington.

Neglected! Neglected! are friends and relatives buried in the Stanton cemetery; graves

covered with high weeds and grass, and a large portion of the cemetery is growing up in briars and sprouts. Why not have a meeting soon and either make up money or do the work ourselves and clear up this cemetery?

Our new postmaster, Miss Mamie Derickson, seems to be failing perfectly in line with the work, the mails are handled expeditiously, and the office is always open to the patrons and she is very congenial in extending any favors or granting any accommodations that are asked of her. Be she Democrat, she is making a good postmaster.

Miss Emma Hunt, of Frankfort, who is being sent out by the State Anti-Tuberculosis Association, was here one day this week and will return again about 15th of July. Her object is to give health talks and to work in conjunction with the local physicians for the purpose of instructing the people to better care for consumptive patients and to prevent the spread of the disease, and to go into the homes of patients and do real practical treatment.

Last issue we published two sections of the new cigarette law which we think one of the most important laws ever enacted for the protection of our youth.

§3. "That it shall be the duty of every constable, policeman, town marshal, sheriff or his deputy, when he finds any person under the age of 18 years smoking a cigarette, or with a cigarette or cigarette papers in his possession, to immediately inquire of such person where and of whom he obtained such cigarette or cigarette paper and upon failure of any person to give such information when requested by such officer, the officer shall arrest such person, and take him before a justice or other officer having jurisdiction to be dealt with as provided in Sec. 2 of this act. Upon information of such person to said officer of the violation of any of the provisions of Secs. 1 and 2 of this chapter, he shall immediately report such information to the prosecuting attorney of the county, who shall have the person giving such information, along with any other witness, having any knowledge of the transaction, summoned before the grand jury at its next session, for investigation. Any officer failing to perform any of the duties required of him by this section shall be fined not exceeding \$5.00 for each offense. Justices of the peace and police judges are hereby given concurrent jurisdiction with the Circuit Courts of this State of the offenses under this chapter."

§4 applies to their use in school buildings.

§5. "Any person, firm, or corporation violating any of the provisions of this act, where punishment is not otherwise provided, shall be liable to a fine of not less than \$10.00, nor more than \$25.00 for the first offense and for each subsequent offense shall be liable to a fine of not less than \$25.00 nor more than \$300.00, and on failure to pay the fine and cost of the prosecution, shall be required to work the same out on the public roads."

The old man will be on the job next week, so good-bye.

Mr. Editor, we would like to know, if you can tell why "when there is a bit of fresh gossip in town why you can see so many persons going across the streets in their every-day clothes?"

Two years ago the Legislature of Kentucky passed the present primary law which became effective in June of 1912. Harry Shoberth, of Versailles, in the early spring of that year, announced for Congress against Cantrill. Mr. Shoberth took sick and became unable to make a canvass of the district in the spring. Mr. Cantrill controlled the committee in the 7th district at that time, thus he, taking advantage of his opponent's illness and the free primary law, which became effective in June, had a primary called for a time before this law became effective. This shut out his opposition. It also cut out the counties of Powell, Lee, Estill and Clark (which came into the district later in the year) from having a say-so in the nomination of the man they must vote for for Congress.

In these acts Cantrill took advantage of his opponent while he was sick and unable to defend himself and he disfranchised every Democrat in the four counties of Powell, Lee, Estill and Clark, and still in the face of all these facts he says he has "undertaken at all times to play the game of politics fairly, honestly and decently."

The report of Insurance Commissioner M. C. Clay shows that there were \$440,000,000.00 in risks written in Kentucky last year. The total assessment of all property of the State is but \$862,000,000.00. This embraces all the real estate, live stock, etc. Comparing these two reports we find that the risks written are over half as much as all the taxable property of the State. We must then conclude that insurance, while supposed to be written on two-thirds its real value, is written at about 150 per cent. its actual value, and the taxable property is assessed at about 50 per cent. of its real value. Such unscrupulous handling of important matters proves that there is more than one Milton H. Smith in Kentucky.

Mr. Cantrill says: "In former campaigns I stood before the people of this district and swallowed the abuse and slander and libel heaped upon me."

Why didn't Mr. Cantrill sue those who so slandered him as he says. He was invited to do so and he was even dared to do so. He evidently knew that what was charged against him would be proved in open court if he brought the suit, and he knew he could put over a charge better than court records.

The State Board of Valuation and Assessment has fixed the

value of the Lexington & Eastern Railroad at \$1,390,000, which is about 50 per cent. of the cost of the extension only. Farmers must pay on 80 per cent. of the cost of their whole lands, and then stand a raise of from 10 to 25 per cent. by the Board that fixes the railroad valuations low. And yet they say we have unjust tax laws, because the Constitution says all property must be equally taxed. They want the property classified so the railroads will have to pay less and the farmers more. Still thousands of farmers voted for the amendment before and will do it again next year.

"I am opposed to disfranchising the people of the State of Kentucky by permitting the other States of the nation by constitutional amendment voting upon Kentucky a policy our people do not desire."—Cantrill.

Mr. Cantrill may now talk that he opposes the disfranchising of the people all he pleases, but he disfranchised the Democrats of Powell, Estill, Lee and Clark counties two years ago, and would do it again if he could. It altogether depends on how the voters are going to vote as to whether Mr. Cantrill believes in disfranchising or not.

Besides, the Hobson amendment, which produced the above statement from Mr. Cantrill, has the sole purpose of giving the people an opportunity to vote on the most important question of the day. He doesn't want the people to have a vote, and this is

what we call disfranchising the people.

Hiram Brown returned Wednesday from a visit to his mother who is very old and feeble, living near Frenchburg. He left her a great deal better.

## STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good.

I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.
